By: David Williams

Wow! What a Great 1st Quarter! 2007 has started off with a bang for almost all of our Customers and we at Horizon Forest Products have been busy helping you succeed. Our company motto is to provide the Best Service in our industry with the Best Products available to help you and your company succeed. We strive to make this happen every single day.

Horizon Forest Products is having a BIG Birthday in 2007. We have been in business for 15 years. It seems like yesterday, when a handful of sales guys decided to do something different and joined the Horizon Forest Products Team. We are certainly Blessed and very Thankful. We now have operations in five cities and three states. We also call hundreds of new Customers – Friends. Thank you for being part of a wonderful business. We couldn't do this without you and we want you to know that we are grateful and thankful for all your business.

I want to hear from you! I travel extensively and see as many customers as I can when I am in the Horizon Locations. Even so, I am always available for questions or comments about how we are doing. So feel free to call my office, (919) 424-8265, and let me know if I can help you in any way.

I am excited about what this year holds for all of us. Business is still very good in our area and it looks like 2007 could be another great year.

Thank you again for being our Customer!
